

UNI International, America Corp. is an international transportation and logistics company. We are formally licensed as a freight forwarder and non-vessel operating common carrier (NVOCC). We provide a comprehensive array of transportation services designed to address the complexities of international shipping.

Our primary focus is in the heavy civil construction, mining and energy development industries. We provide project management services to such undertakings as gas / oil refineries, manufacturing facilities, road and pipeline construction and various mining projects.

Our corporate mission calls for leading our industry to the highest customer satisfaction, and we are committed to this objective. Our constant efforts as a leader in service quality fulfill our primary goals to:

- Fully meet all agreed-upon timing requirements
 - Make the process easy for you the client
- Deliver added value service

With over 14 years of experience in the international shipping, UNI International is your all-inclusive shipping company. We strive to provide you reliable service at the best rates!

UNI International is an international shipping company specializing in ocean freight and overseas of heavy machinery. We understand the complexities of project cargos and excel in providing you a comfortable experience and the satisfaction that your cargo is being handled by the best in the industry.

UNI International is comprised of a highly specialized team of shipping professionals. We are the expert in providing you the safest, fastest, and most affordable shipping possible.
